GDP means **Gross Domestic Product**.

It measures the total value of all goods made and services provided during a set length of time.

We will have a new national police force to deal with serious crime.

A stronger response to **white collar crime**.

It is a way to get money

For example: Fraud

3. The World's Great Meritocracy

Meritocracy means you will have a fair chance to get as far as you can with your skills and hard work.

A long-term solution for elderly care to protect people's savings.

The poorest pensioners will continue to get help with their bills.

Conclusion

This is our plan for a stronger Britain and a successful future.

This is what we see for the future

A nation united

Shared opportunities

Safe, vibrant and sustainable communities

A Great **Meritocracy**

This is where everyone, in every part of our country, is given the chance to go wherever their skills will take them.

This is a period of great national change

We will only reach our goals if we have strong and stable leadership.

Theresa May and her team will get the best possible deal with the European Union.

They will plan a course to a new global future.

Now is the time to show our strength as a nation and the character of our united people.

We shall succeed, if we go forward, together.
