

## Pre Course Work

In the stars below please write three things you love about the internet.  
In the thought bubble please write one thing that you would like to change or something that could be improved about the internet.

The form contains four shapes for writing: three yellow five-pointed stars with a blue outline and a fine dot pattern, and one white thought bubble with a black outline and a small tail at the bottom. The stars are arranged in a loose triangular pattern, and the thought bubble is positioned to the right of the bottom-left star.
