

The GP learning disability register and coronavirus vaccines boosters

The coronavirus booster jab is important to keep you safe from coronavirus.

People most at risk from coronavirus are being offered the booster first.

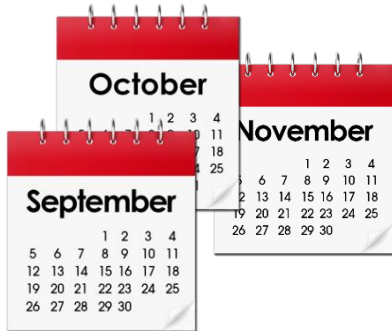

People with a learning disability who are on the GP learning disability register will be invited for their booster jab before many other people.

People who are not on the GP learning disability register may have to wait longer for the coronavirus booster.

If you have a learning disability and you have not heard from your GP about having the vaccine booster,

And it has been 3 months or more since you had your second coronavirus vaccine

Contact your GP surgery to check when you will be invited for your booster vaccine.

Let them know you have a learning disability, and if you want to have the booster vaccine.

Let them know if you want to be on the GP learning disability register.

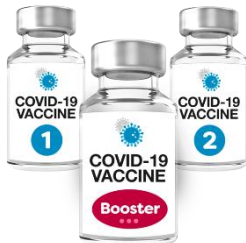

If you need more information or support, you can call the Learning Disability Helpline on 0808 808 1111.

Words used in this easy read

The **GP learning disability register** is a list of all the people with a learning disability that a GP surgery looks after.

The **coronavirus booster** is an extra dose of the coronavirus vaccine to help your body to fight off coronavirus.
