The people who live here

Horsepool Road is more than a house, it's a home where friendships grow and people are supported to live fulfilling lives.

Currently, we support two amazing individuals who bring warmth and personality to the house:

A Creative and Fun-Loving Lady

- In her mid-60s and young at heart
- Enjoys crafts, theatre trips, and shows
- Values both social time and time in her own space
- Prefers sharing her home with other females in a friendly, respectful environment

A Gentle and Relaxed Lady

- In her 70s
- Enjoys films and nature programmes
- Likes visiting garden centres and cafés
- Values her own quiet space
- Happy to share her home with females

Both individuals attend day centres during the week, helping them learn new skills and build social connections.

At home, they enjoy relaxing and spending time within the local community.

Support Provided

The service is managed by Julie Butler, an experienced and dedicated manager who is committed to creating a safe, supportive, and welcoming home.

We provide 24/7 support from a skilled and stable team, along with an overnight sleep-in service. All staff are fully trained in key areas including person-centred support, safeguarding, medication administration, and health and safety.
