Independent living with personalised support in the heart of Havant

Dolphin Court offers a warm, welcoming and well-connected place to call home. Our self-contained flats are designed for people with a learning disability who are ready to enjoy greater independence, while still benefiting from tailored support in a safe and friendly environment.

Located just a short walk from Havant town centre, with excellent transport links nearby, Dolphin Court makes it easy for people to stay connected to their community, maintain relationships and build an independent lifestyle.

A Home That Supports Independence

Set within a secure, gated development, our first-floor flats provide private, comfortable living spaces alongside access to shared facilities and on-site support.

Each flat offers:

- A self-contained layout, supporting greater independence and privacy
- Bright, comfortable living spaces designed to feel homely and secure
- Access to a welcoming community room for social activities and events
- Use of shared outdoor garden space
- The flats are accessed through stairs, so they would be best suited for people who are able to use stairs.

The environment is calm, inclusive and designed to help people feel confident, safe and in control of their daily lives.

Flexible, Person-Centred Support

At Dolphin Court, we recognise that everyone's needs are different. The flats are particularly suited to people who are able to live more independently but still benefit from **lower levels of structured support**.

Support is tailored and flexible, and may include:

- Help with daily living skills such as cooking, budgeting and managing routines
- Support to access work, education or local activities
- Encouragement to build social connections and community engagement
- Guidance with maintaining health and wellbeing

Our approach focuses on **building independence, confidence and choice**, while ensuring people feel supported when they need it.

A Connected and Vibrant Community

Living at Dolphin Court means being part of a wider, supportive community.

People can enjoy:

- Regular on-site activities, events and social opportunities in the community room
- Easy access to shops, cafés and amenities within a few minutes' walk
- Great transport links to Portsmouth, Chichester and surrounding areas
- Trips and outings using the on-site minibus
- Nearby access to green spaces and the coast, including Hayling Island and Southsea

For those who wish, there are plenty of opportunities to socialise, while still having the independence of their own front door.
